BECOME THE SCIENCE ENGAGEMENT BREAKTHROUGH OF THE YEAR 2021

HOW DO YOU ENGAGE THE PUBLIC WITH SCIENCE?

Do you run a Science Engagement initiative that engages the public actively with science? Would you like to raise international visibility for your project and be part of a global Science Engagement community? Apply now to get the chance to showcase your work at Falling Walls Engage 2021 in front of an international audience and distinguished expert jury – an event bringing together the brightest minds from science, economy, politics, and the media.

Win a trip to Berlin in November with the chance to present your project at the Falling Walls Conference and become the **Breakthrough of the Year** in Science Engagement.

WHAT IS FALLING WALLS ENGAGE?

Falling Walls Engage is the global platform for Science Engagement. As a part of the Falling Walls Conference, this year's competition will be hosted as a physical event by the Falling Walls Foundation in cooperation with the Robert Bosch Stiftung. Find out more about Falling Walls Engage on our website.

What initiatives are we looking for?

- Participatory and interactive formats of all kinds: from co-productive research over public panels towards arts-driven or entertaining approaches.
- Projects of all sizes: from grassroots to institutionalised projects – the common ground is the impact of your initiative.
- Exemplary initiatives from all over the world with a transferable and/or scalable approach thatgenerates mutual learning and benefits for both sides, science and the public.
- Initiatives with measurable outcomes and long-term impact on their target group.

For some inspiration, check out our Finalists from previous years.

Do you run a Science Engagement project? Apply Now!

1) Click on the red button 'Apply Now' to fill out the online application form, with the help or our application process guide.
2) Get a confirmation email with further information regarding the competition process.
